

Mrs. Leon Brown and Miss Georgia Castlebury, who are taking a course of study at the Horner school in Kansas City, had a delightful visit with Mrs. M. A. Beckett, of Buckner, Mo., last week. Mrs. Beckett was a former Vernon woman, coming here in the early eighties. Her husband, was one of the first lawyers in Vernon. Mrs. Beckett keeps up with the doings of Vernon people through the columns of the Vernon Record. She has been a subscriber for years and visited here about three years ago. Mrs. Brown and Miss Castlebury will return in time for Miss Georgia to open her studio of music, October 1.

Rain delayed the starting of pavement on the Colorado-Gulf highway at the Wichita County line Wednesday, when plans were made to begin pouring concrete. A new and larger mixer has been purchased by J. P. Foly, the contractor, for use on the Harrold-Electra paving, and it is expected that about 500 feet can be laid each full working day. County Engineer John B. Nabers, however, estimates that a mile every two weeks is about the best that can be hoped for. There are always delays. On this basis ten or twelve weeks of favorable weather will be necessary before the concrete can be completed to Harrold.

A number of spectators at last week's football game complained that all of the sweaters worn by Vernon men were not numbered. Most of the regulars wore numbered jerseys, but when the substitutes were sent in without numbers the spectators had to guess. It is impossible for newspaper men to give any accurate account of games when the players are not numbered. Last year at Wichita Falls, Amarillo and Dallas, the Lions drew considerable criticism for failure to have their players numbered, as other teams do. The athletic council will have to recognize that patrons of football games must be considered and that if the individual men on the team team get proper credit for their work sweaters will have to be numbered in order that newspaper men can keep up with the game and give credit where credit is due.

"We are going after a water supply for Vernon, that is the most important single project before the city at the present time," declared Mayor Harry Mason in commenting on the fact that the Layne-Texas Company of Houston has begun work to develop the million gallons additional supply recently contracted for.

A number of local Masons are pushing the project of erecting a modern three-story temple on the property owned by the lodge at the corner of Main and Olive streets. Committees have been appointed to outline a financing plan and to plan a building. Sentiment seems to favor the erection of a three-story fireproof building to cover the two lots of the site. The building would have a sixty-foot front on Main and 110 feet on Olive. The first two floors would be rented for commercial purposes, while the third floor would be used for a lodge room.

The work on the Hotel Vernon improvements is progressing at a rapid rate and the building will soon present a handsome appearance. The stucco work on the outside walls is nearing completion and work is going forward at a rapid rate on the heating plant and other interior changes and improvements. The new illuminated sign on top of the building is attracting much favorable comment. It is visible from almost any section of the city.

C. C. Smith of Delaware, Ohio, has been here for the past few days looking after business matters. Mr. Smith bought a farm here in the early nineties and lived in Vernon for some time. He still owns considerable money on lands here but has disposed of all his real estate holdings.

The quarter block owned by the North Texas Hardware Company facing on Wilbarger street at the corner of Fannin is being cleared of the old frame buildings which have occupied it for years. No announcement has been made by the owners as to what is to be done in the way of improvements. Several different propositions are under consideration, however, and it may be expected that some substantial buildings will be erected on the property before another year passes, according to the owners.

RADIOS BECOME POPULAR AMONG LOCAL BALL FANS

Radios are enjoying great popularity in Vernon as baseball fans seek to hear the reports on the Dixie series being played at Atlanta. Terhune-Roy Implement company's radio display room, in which play by play reports are received on the game, draws a large crowd each day.

HEAD OF TEXAS MASONS TO VISIT VERNON LODGE

Guinn Williams
Mr. Williams is a member of Congress and has been prominent many years. This will be his first official visit with Vernon Masons since being elected Grand Master in December, 1924.

GRAND MASTER TO VISIT HERE

GUINN WILLIAMS WILL OFFICIALLY VISIT MASONIC LODGE NEXT TUESDAY.

Guinn Williams, grand master of the Grand Lodge of Texas, Ancient, Free and Accepted Masons, will make an official visit with the Vernon lodge next Tuesday night, September 29, according to a letter just received by officials of the local lodge.

This is Mr. Williams' first visit with the local Masons since he was elected to the office last December at the regular session of the Grand Lodge at Waco.

Mr. Williams lives at Decatur and is Representative in Congress from the thirteenth district, which includes Wilbarger County. He has many local friends. He is a good speaker and is expected that one of the largest gatherings of Masons ever assembled in Vernon will be on hand to hear the Grand Master Tuesday night.

A special meeting of the local lodge has been called by the Worshipful Master in honor of the Grand.

The special meeting will be opened in the lodge room at 7:30, after which the meeting will be adjourned to the First Baptist Church, where Mr. Williams will deliver his address to Masons.

First Deposit of School Money is Received Here

Wednesday morning a deposit of \$5992 was received at local county superintendent's office from the state department of education. This is two dollars per capita based on the final approved enrollment of the rural schools of the county. Superintendent L. A. Hollar states. The final school census which was approved by the state department was 2996.

Mr. Hollar says that this is the largest appropriation received this early in the school year in recent years. School appropriations are usually small during the early months, he says.

Nine schools in the county have opened for the fall term, in addition to Vernon city schools. They are Oklamoon, Harrold, West Vernon, Baker, Wells, Valley, Kincheloe, Bourland, Antelope and Mack.

JAIL VISITOR SUDDENLY BECOMES DETAINED GUEST

Sheriff W. Frank Edmonson got back on the job Tuesday and personally accounted for one prisoner. A young fellow who had imbibed rather too freely came to the jail and asked to be allowed to visit one of the inmates. While a deputy was preparing to let the man in, the sheriff, observing the man's condition, made some remark about it. In no uncertain terms, the drunk demanded to know what business it was of Mr. Edmonson. The sheriff started to usher him into a cell, and he fought back, kicking the officer in the stomach, whereupon the officer brought his heavy cane into action, dropping the would-be fighter.

RAIN BRINGS FALL WEATHER TO WILBARGER

Thermometer Drops to 56 Following Cold—Downfall 1.1 Inches—Agent Says Will Delay County's Cotton Crop—Picking Was Well Under Way

Cold weather assisted by colder showers ushered in fall weather with a snap Wednesday. The entrance of fall throughout this section was accompanied by showers and heavy rain Wednesday afternoon. The total rainfall Wednesday and Wednesday night totaled one and one-tenth inch.

A most unseasonable chill interrupted the extremely warm weather which had been prevailing over this section of the country unbroken for the past few months, seeming all the more severe because of the sudden change. The thermometer dropped from around 90 to 56 during the night. The rain and cold were such that all countless loungers beat a hasty retreat. Coats and furs were popular among the feminine population the following morning.

Agricultural authorities here state that the rain and sudden change in weather will have a marked effect on cotton, besides delaying picking for several days. Farmers all over the county were preparing to begin picking this week, and all indications pointed toward this week as the real opening of this year's ginning season. Everywhere farmers were asking for cotton pickers, and a scarcity had developed. Now gathering will be delayed for some time, as very little cotton will open for a few days, in the opinion of County Agent P. D. Chaney.

Mr. Chaney states that this rain is not essential to the county's welfare in any way, as a good season already has been secured for the planting of wheat and the feed crops have been saved by previous rains. In addition to delaying the opening of cotton, the rain is causing rapid deterioration in that already open, the county agent points out.

Taking present weather as a sample of the entire fall, many who delight in making estimates of the local cotton crop have lowered their estimates, stating that although there is as much or more cotton on the stalk as there was last year, it will not be gathered. Last year, they point out, everything was ideal for gathering.

Wilbarger-Foord Association Will Meet Next Week

The Wilbarger-Foord Association of Baptists will meet at Ford City in Ford county, for a two-day session, Monday and Tuesday, September 28 and 29.

The following program will be given:
Layman's Meeting, Monday Night, September 28.

7:30 p. m. Subject, "The Place of the Layman in the Rural Church"—G. A. Neill, J. L. Short, T. F. Connolly, E. H. Ritchie, Warren Griffith.

Tuesday, September 29.

10:00 a. m.—Devotional led by Rev. J. W. Ray.

Reports from churches.

11:30 a. m.—Sermon—Pastor of Crowell church.

12:15 p. m.—Luncheon.

1:30 p. m.—W. M. U. Program.

1:30 p. m.—Devotional—Mrs. H. L. Fisher.

Report from Societies.

Music—Crowell ladies.

"Standard of Excellence in Local Society and in the Association"—Mrs. Tom Bell, Crowell.

Message from Mrs. John Knapp.

3:00 p. m.—Reports from State-wide Workers' Conference recently held at Fort Worth—Dr. E. F. Lyon and C. Ross Payne.

HIGH SCHOOL PEP SQUAD HOLDS PEPPY MEETING

That the Vernon high school pep squad is fully organized and ready to back the Vernon Lions was fully evident at chapel this morning when some 400 howling throats urged the Lions to fight. That pep squad is the loudest little bunch that has disturbed the peaceful quiet of the air about Vernon in many months.

Refuses Year's Vacation

Dix W. Noel, wealthy New Jersey lawyer, whose college son confessed slaying a six-year-old girl, offered a "year's vacation" to Mrs. Mae Bradley, of New York, whose apartment sheltered him, only to have his invitation spurned.

PRETTY HOMES BEING ERECTED

BUILDING PROGRAM STILL CONTINUES IN ALL PARTS OF CITY.

The building program is being continued here on a large scale. Fine homes and residences are springing up all over the city. Included in the list of new homes are: Clyde Orr, seven room brick on West Wilbarger street, costing about 7,000; J. T. Julian, five room bungalow in southeast Vernon; Newman Hughes, four room bungalow in West Vernon Heights; two five-room bungalows of Clyde Ham in West Vernon Heights; four room bungalow of James McCarty on South Cumberland street; handsome duplex of L. A. Foster on Marshall and Mesquite, which is nearing completion at an approximate cost of 4,000; five-room bungalow of Miss Verna Lucky, on Wheeler street which will be ready for occupancy October 1; four room bungalow of Mrs. Clara Warlick, on Massie street, a five-room modern bungalow on South Eastland street by Nixon and Jordan.

The work being done in Vernon High school was praised by Miss Jessie Harris, superintendent of vocational home economics of the state department of education, in her visit here Wednesday and Thursday. She stated that so far as her report was concerned, Vernon need not fear for state aid in the home economics department.

"I am very much pleased with the work being done in the home economics department of Vernon high," she told a Record representative. She intimated that, with the exception of a few minor suggestions, her report would all be favorable to this school.

Two teachers are now employed in the vocational home economics department of Vernon High school, and the equipment equals that of most any school in the state, according to W. T. Lofland, city superintendent.

CASHIER AT DENVER NOW TRAVELING FREIGHT AGENT

C. H. Thompson, cashier at the local Fort Worth & Denver depot, has been made traveling freight agent for the same company with headquarters at Houston. Mr. Thompson is in Houston now and Mrs. Thompson will leave soon for their new home. He has been with the Denver for twelve years, coming from the Frisco depot where he had been for six years.

WINIFRED CROUCH, STAR ATHLETE OF VERNON HIGH SCHOOL, WAS ELECTED PRESIDENT OF THE SENIOR CLASS AT THE INITIAL MEETING OF THE YEAR.

Miss Mable Huddleston was made secretary and treasurer. Miss Ella May Jones was chosen class sponsor.

Elected State Delegate.

Geo. A. Long was recently elected a delegate to the state convention to be held at Corpus Christi on October 10 by Canton No. 11 of the I. O. O. F. of Chillicothe.

To Teach at East Vernon.

Miss Leslie King, student in C. I. A. for the past two years, has accepted a place in the East Vernon school for the coming term. School will start in about two weeks.

Mrs. Lovelace will leave soon to make her home in Manchester.

LIONS PRIMED FOR CONTEST WITH COLLEGE

Local Grid Squad Pronounced In Best Shape of Year Without Injuries—May Be Handicapped by Heavy Field This Afternoon.

This afternoon the Vernon Lions will get their first real test of the year when they meet the Wichita Falls Junior College Indians. Coach Baggett announces that all of his men are in excellent shape and ready for the Indian invasion. This time no men will be left off the starting squad because of injuries.

The field will likely be heavy for today's game, and this will probably favor the Indian eleven, as it is slated to be a heavier machine than the local organization. With a muddy field, the outcome of the game will depend on the performance of Vernon's forward wall. There has been some doubt expressed as to the ability of that line to hold when the test came. With a heavy field this afternoon, the test will undoubtedly come, as the Indians will no doubt depend on their heavier line to force the Lions back.

Since the team is unhampered by injuries this time, Coach Baggett will have a chance to see his line perform at its best with the heaviest men in it. He has announced that the following line-up will start the game. Robinson, captain, center; Koontz, left guard; Roy Key, right guard; Burrow, right tackle; Norwood, left tackle; Dolf Holbar, left end; Ted Key, right end; Ryan, quarter; Gelhausen, full; Crouch, right half; Williams, left half.

Reports from the Indian camp at Wichita Falls indicate that Coach Mosley has been schooling his warriors in trick plays in preparation for the game this afternoon.

Last year the Lions ran roughshod over a green eleven from the Wichita college, but fans expect the game to be closer this year.

The game will be called at 4:15.

Coach Mosley announces his probable starting line-up as follows:

Clary, center; Hersh and Kams, guards; Weeth and Saunders or Whitelaw, tackles; Rawls and Crites, ends; Thurman, quarter-back; Stevenson and Dutton or Harris, halfbacks; Beatty, full-back.

P. L. Sneed Very Ill Following Paralysis Stroke

P. L. (Pete) Sneed, long time resident of Vernon, is seriously ill at his home on Texas street, with little hope as to his recovery. Wednesday morning while coming down the stairway leading to the Cotton Exchange on Texas street, he was seized with a stroke of paralysis and fell down the last three steps. He was taken to his home immediately following the seizure and since that time has lain in a comatose condition. His children are all at his bedside. Mrs. Howard Brideland of Quanah arrived Wednesday night to be at her father's bedside, and another daughter, Mrs. Frank Moore of Wellington came last night. The other children live here.

CITY SCHOOL ENROLLS 1608 FOR FALL TERM

Enrollment of the Vernon city schools reached 1608 yesterday. Of this enrollment, Vernon High school has 386, Shive 349, Junior High, 322, Parker 169, Washington, 51. The enrollment has swelled almost 200 since the beginning of school two weeks ago. Superintendent W. T. Lofland states that he still believes this will be a record year.

FORMER PASTOR HEADS WICHITA FALLS ALLIANCE

Rev. S. A. Barnes, pastor of the Floral Heights Methodist church, at Wichita Falls, was elected president of the Ministerial Alliance of that city at a meeting held last week. Rev. Mr. Barnes was a former pastor of the local Methodist church.

La Velle Gilliland Arrives.

Mrs. H. M. Lacey has just returned from a visit with her daughter and family, Mr. and Mrs. J. B. Gilliland of Marlow, Okla. They are rejoicing over the birth of a little daughter, LaVelle, born September 16. Mrs. Gilliland was formerly Miss Vivian Lacey of this city.

Gets Fortune

Mrs. Roger Sudreau, of Paris, who was Jacqueline Lebaudy, daughter of the eccentric "Emperor of the Sahara," who was slain near New York, is one of three heirs to share in \$690,000 distributed from her father's vast estates.

BALES GINNED PASS 900-MARK

GINNING TOTAL LEAPS UP DURING PAST WEEK IN SPITE OF BAD WEATHER

In complete reports from the gins of the county place the total bales ginned at 928. Of this number, the Vernon gins have recorded 426. This shows that the ginning season really opened this week in spite of the rainy weather during the latter part. Last week the county ginning total was slightly in excess of 100, with the city total at 99. Some 600 bales have been ginned in the county this week, with the Vernon gins ginning 300 of these. Gainers state that had the rain not interfered with picking during the latter part of the week, ginning would probably have gotten into full swing this week. If the weather clears up, next week is expected to see cotton picking open up with mid-season form.

The ginning report follows:

Planters	39
Farmers and Merchants	91

ATTEND CHRYSLER BANQUET AT WICHITA

J. R. Wyatt and Joe Vaughn attended a Chrysler banquet given by the Lloyd Weaver Company Tuesday night as representatives of the local Chrysler agency. They listened to selling arguments presented by factory representatives of the Chrysler automobile.

Those present included representative from all agencies in this section of the state, including Electra, Vernon, Nocona, Iowa Park, Crowell, Childress. The banquet was held in the Kemp Hotel in Wichita Falls.

FORMER VERNON MAN LAMPASAS CITY SECRETARY

Ray Carney, former resident of Vernon, and until recently editor of the Lampasas Record, was appointed city secretary at Lampasas to fill out the unexpired term of T. J. Hocker, resigned. The term expires next April.

Leaves for College.

Ted Farrell, son of Mr. and Mrs. C. J. Farrell, will leave tomorrow for Dallas, where he will enter Baylor Medical college. Mr. Farrell attended Thane University at New Orleans last year.

Mrs. Baker Very Ill.

Mrs. Tom Baker, who has been seriously ill for several days, is reported to be some better today. She is still very sick.

PRODUCTION IS BOOSTED MOST IN MANY WEEKS

Bridwell-Heydrick Add Another 500-Barrel Well, Making Total Increase This Week Near 3000 Barrels—Active in 2400-Foot Stuff.

Following the completion of a number of big producers during the early part of the week, and the heavy rain in the middle of the week, operations in the Wilbarger county oil fields have shut down somewhat, and little development is reported for the latter part of the week.

Bridwell and Heydrick has completed No. 11 Stephens in section 83, block 14, and it is flowing at the rate of 350 barrels daily from the sand encountered at 2355 feet.

With the addition of Bridwell and Heydrick's production to that of the wells brought in early in the week, this week's increase in production reached the neighborhood of 3,000 barrels, the largest weekly increase in production in eighteen months, according to local operators. This puts local production well over 10,000 barrels daily, should the wells hold up as they are now.

Although McCamey Sheerin-Lacey's 1000-barrel well completed during the early part of the week, is producing from a sand encountered at 2080 feet, major activities during the week have been centered on the 2400-foot stuff. Continental Oil company's No. 3 Carl Zipperle is now flowing about 600 barrels from a sand encountered at 2340 feet early in the week. The completion of this well extends the deep pay a considerable distance to the east, and will no doubt start operations on their way to the 2400-foot pay in that section of the field.

Humble Oil and Refining company's well in section 83, block 14, which is making about 500 barrels, is also producing from the 2400-foot pay, further proving up that sand as the biggest producing level yet discovered in the local fields.

All operations north of the river ceased and hope of a producer in that part of the county was abandoned when Stimms Oil company's No. 2 Collins was abandoned this week. The well is located in section 7, block 10. It was closed down with the bottom of the hole at 2310 feet.

Atlantic Oil Producing company and Roxana are drilling below a last reported depth of 1882 feet in No. 1 Waggoner, located in section 50, block 14, in the Gulf field.

Atlantic Oil Producing company's No. 2 Sigler, in the center of the northwest quarter of section 51, block 2, is drilling around 1400 feet.

SHERIFF REFUSES CHANCE TO ACT AS MINISTER

Sheriff W. Frank Edmonson was brought face to face with a new problem for a peace officer here, states, one which is ordinarily thought of as belonging to ministers. A woman who had been in the custody of his department several times on disorderly charges promised to join the church if he would allow her to go free. The sheriff held that the law should take its course in spite of his opportunity to secure an addition to the church.

SETS FAST PACE AS FOOTBALL COACH

Esker Curtis, of Vernon, coach of the Anson high school, and former student of Abilene Christian college, is making a creditable showing in his work with the Anson eleven. Monday was defeated 45 to 0 and last week they won over Winters by a score of 44 to 0. He was quarter on the Vernon team for several terms and during his four years at Abilene was one of the star players with the Christians.

LEAVE FOR NATIONAL FIREMEN CONVENTION

J. D. Huntley left this morning for Louisville, Kentucky, where he will attend the National Convention of Firemen. He was accompanied by his wife and Miss Ellean Vaughn and the party will visit Mammoth Cave and other parts of interest in Kentucky.

Moves To Belton.

W. W. Cagle, who has lived in Wilbarger county for 38 years, has rented his farm and left yesterday overland for Belton where his two daughters, Annie and Claudia, will attend Baylor college. Miss Annie attended school there last year, after graduation from the local high school.

CIRCUS SLATED HERE MONDAY

A. G. BARNES SHOW WILL
SHOW IN VERNON AFTER-
NOON AND NIGHT.

Arriving Sunday morning from
Frederick, the 52-car all-steel train
of Al G. Barnes circus, will be un-
loaded, and the great tent city of
shimmering canvas will rise on the
circus lot at Lexington and Dean
streets.

The public of Vernon will have
the exceptional opportunity to watch

the erection of a circus city, as the
show is "Sundaying" here.

On Monday, two performances
will be given; one at two o'clock in
the afternoon, the other at eight
o'clock in the evening. The doors
will be opened one hour before the
famous Al G. Barnes menagerie, con-
sisting of more than 2000 wild ani-
mals of 1200 different species—the
greatest collection on earth.

The Al G. Barnes circus, with
1080 persons, is known as "the show
that's different." The difference
and superiority lie in the fact that
there are more unusual features of-
fered this season than have ever be-
fore been seen with any traveling
show. Among these wonderful fea-
tures are the following:

Joe Martin—famous gorilla man
of the movies, who is making per-
sonal appearances with the Barnes
circus this season, meeting his film

'The Shock Punch' Here Today and Canutt Tomorrow

As a rule an undertaking parlor
is passed unnoticed by Richard Dix,
star in "The Shock Punch," which
is due at the Vernon Theater today.

But there is an undertaking es-
tablishment just opposite the Ameri-
can Telephone building in lower
Manhattan where a twenty-five-story
addition was being constructed that
had the star worried. During the
filming of one of the scenes Dix en-
gaged in a scuffle and fight with
Walter Long on a platform high up
on the new structure.

Dix and Long climbed up to the
platform to get a view. They shud-
dered as they looked down to the
street below—then immediately de-
scended. As they reached the bot-
tom of the ladder they turned about,
simultaneously they spied the mor-
gue.

The Paramount star craned his
neck and looked up the twenty-five
stories to the platform. Long dis-
like-wise. Then they looked at each
other.

Both men are a bit superstitious.
"Well, we'll wait and see," was
the only comment Dix would utter.
Long nodded dejectedly.

The thrill of dare-devil horse-
manship—the zest of a wild drama in the
open spaces—the warth of young ro-
mance all woven into a story of com-
pelling interest and starring the
world's greatest rider and bull dog-
ger Yakima Canutt are the attrac-
tive elements of "The Riding Comet."

Coming to the Vernon Theater
on Saturday only, Canutt, star of
dozens of rodeos at Pendleton, Ore.;
Cheyenne, Wyoming and elsewhere
performs some of his most amazing
feats of horsemanship in this pro-
duction.

Sunday School Market.
Those in charge of the primary
department of the Baptist Sunday
school will conduct a market Sat-
urday afternoon at the City Market.
Everything good to eat for
Sunday dinner will be sold.

Sarah Rose, little daughter of Dr.
and Mrs. T. A. King, was operated
on Wednesday following a sudden
attack of appendicitis. She is doing
nicely.

'Never the Twain Shall Meet' To Be Here Monday

"Never the Twain Shall Meet,"
the Cosmopolitan Corporation's pic-
ture of Peter B. Kyne's color-
ful story of the South Sea Islands,
will come to the Pictorium Theater
Monday and Tuesday for a two-day
showing. It is distributed by Metro-
goldwyn.

Anita Stewart, in this picture, ap-
pears for the first time as a Tahiti-
an girl, Tamea, and it is said to be
her most unusual role. Bert Lytell
plays the part of the hero, an Ameri-
can who falls in love with the
wild, half-caste maiden in spite of
himself.

Justine Johnstone, whom England
considers "the perfect American
blonde," is a society girl in the pic-
ture, the fiancée of Dan Pritchard
(Bert Lytell). Then there are
Huntly Gordon, George Seigmann,
Lionel Belmore, Florence Turner,
William Norris, Emily Fitzroy, and
Princess Marie de Bourbon to com-
plete the distinguished cast.

Jack Hoxie is coming Saturday in
"A Roaring Adventure," a Univer-

Comedians Draw Packed Audience At Each Showing

Narin-Albierz is playing to a crowded tent each night, and after 8:30 it is a problem to get a seat. The comedians of the company apparently have won the favor of local show goers. Bad weather apparently has no effect on the attendance. The show has a strong bill for the rest of the week. Tonight, "Modern Cinderella," will be presented at the feature play. Tomorrow afternoon, "Scrambled Wives" will be the feature of the entertainment. Tomorrow night, "Her Cowboy Visitor" will be presented.

MUSICIANS FEATURE PROGRAM ENJOYED

The beautiful new home of Mrs. W. N. Stokes of West Wilbarger street was lovely Wednesday afternoon with its decorations of roses, carnations and ferns, at the initial meeting of the Musicians' club. Miss Johnnie Malloy, Mrs. Fred Russell and Mrs. W. C. Casper presided over the punch bowl at a prettily appointed table where a cooling drink was served throughout the afternoon.

A short business session was held before the program and Mrs. A. H. Murchison and Mrs. J. O. Rouse, who spent the summer in California, and Mrs. C. J. Farrell, who was in Colorado for several weeks told of things of interest to the club.

Texas My Texas was sung by the choral division; Miss Emma Rhoads gave a piano number, "The Volga Boatman's Song"; Mrs. John Brown, as a violin solo, gave "Slumber Song" by Schumann. Miss Enid McCarroll, pianist, played "Norwegian Folk Dance."

Following a short intermission, a recital of folk songs was given. With Miss McCarroll at piano, the grand march down the stair case was held in which the singers wore costumes of the land they represented.

Mrs. E. P. Lyon, as an Englishwoman, was beautiful in white with a corsage of red roses, she sang, "Drink to Me Only With Thine Eyes." Mrs. A. A. Hings wore her grandmother's wedding dress and an apron worn by Mrs. Chas. Dalmasso, when a girl. She wore a beautiful shawl, which was a wedding present

from her grandfather to his bride, and she sang folk songs of Germany. Mrs. A. M. Murchison had borrowed for the occasion a dress of Mrs. Robert Boyle, which had been made in Ireland eighty years ago. She sang "Believe Me If All These Endearing Young Charms," by Moore. Her Irish costume was complete in every detail.

Mrs. Y. H. Babush wore a beautiful Italian costume and adorned with jewels, she sang "O Sole Mio." Mrs. Ben Leutwyler wore the long riding skirt of the cow girls of long ago and gave a cowboy reading which was much enjoyed.

Mrs. E. H. Gipson garbed as a typical "Aunt Dinah," sang negro songs.

Mrs. P. W. Hendrix as a dark-eyed Indian maid in a becoming costume and with feathers in her hair, sang an Indian song.

American songs were sung by Mesdames Wilson, Colley, Murchison and Vernon.

About sixty guests enjoyed the occasion, which was said to be one of the most interesting meetings the club had ever held.

LOCKETT NEWS.

Miss Wilma Lockett is in Fort Worth taking a course in the T. C. U.

Cleve Millner and wife visited Wilbur Wood at Rayland last Sunday. Mr. Wood was badly burned some time ago.

The Lockett gin reported a hundred and fifty bales ginned Wednesday night.

Mr. Ross, the snetion man at the gin, has moved his family here.

Miss Inez Roberson has taken the place of Miss Wilma Lockett at the store.

We note, with regret, that our community had no exhibit at the County Fair. Let us do better next year.

C. H. Cato has been with his mother in Vernon most of the past week. She has been very sick, but is reported some better at the present writing.

Mrs. J. A. Causey is back home from the hospital and is gaining strength.

Bruce Barker has gone east for cotton pickers. Cotton is good in

our community and a host of pickers are needed.

Hal Crawford was a business visitor to Chillicothe last week.

Used Clothing Sale.

The women of the Baptist church will hold a used clothes sale tomorrow at the Summerour building, corner of Main and Maiden streets.

First Baptist Church of Lockett.

Gospel singing, teaching and preaching every Sunday. You will always have a hearty welcome with us. Subjects for preaching hours next Sunday, September 27, 11 a. m., "The Mission of Christ," 8 p. m., "Human Nature As Taught in the Bible."

FRANK MCNAIR, Pastor.

The Greatest Roadster Value Ever Built

U-L-T-R-A S-M-A-R-T! Graced with long, low lines and a sweeping rear deck of classically symmetrical Nash dreadnaught design, this roadster possesses a striking distinction.

R-O-O-M-I-N-E-S-S! The seat is exceptionally wide and deep, with the high back inclined at the most restful angle. And a long wheelbase affords plenty of leg room.

L-U-G-G-A-G-E F-E-A-T-U-R-E-S! Beneath the rear deck is an extremely capacious compartment for large baggage.

Just to the rear of the driving seat you will find an-

other locker of generous size to accommodate parcels. **R-I-D-I-N-G Q-U-A-L-I-T-I-E-S!** Here is a delightful steadiness of weight properly poised; spring construction special to Nash that absorbs all shocks; and chassis design that achieves the final degree of rigidity with five rugged cross-members, three of tubular design.

N-O E-Q-U-A-L! With the price, f. o. b. factory, including as standard equipment, full balloon tires, five disc wheels and the Nash-design fully-equalized 4-wheel brakes, this model has no peer for sheer and sound investment value.

THE MUST HAVE SOMETHING.

Al Smith, Governor of New York, has given numerous evidences of strength. Two instances, however, stand out above all other incidents of his career which has carried him from the position of newsboy to the governorship of the most populous state in the Union. His election to a third term as governor last year when he ran nearly a million votes ahead of the national Democratic ticket was one. The defeat of Mayor Hylan recently by a protégé of the Governor was another.

Enemies of Al Smith, who denounce him as a machine politician of the lower type are due to revise their estimate of him. At this distance it is difficult to judge accurately. But there must be something to a man who can rise from obscurity of the lower east side of New York city to a position where he can be three times elected Governor and completely dominate the political life. He might fool the people once or twice, but it is hard to escape the conclusion that he must be a man of unusual personality and of more than average ability. Al Smith will probably never be nominated for the presidency. His church affiliations and his views on prohibition are against him as a candidate for a national office, but he is power that will have to be reckoned with in 1928 when the Democrats gather to select a standard bearer.

POLITICS IN PROHIBITION ENFORCEMENT.

A great deal is being said on both sides of the prohibition enforcement question just now. Enemies of prohibition are declaring the Volstead law a failure. Others declare that prohibition is the only method of promoting temperance, while all admit that there is room for improvement in the matter of enforcement.

Recently a new enforcement chief was appointed and he started out with the idea of a complete reorganization of the enforcement forces on an efficient basis. That sounded well and some improvement was expected, but the new dry chief didn't get very far with his reorganization plans before he was informed that Congressmen and Senators would insist on having the list of appointments in their districts submitted to them for approval.

In other words notice was given that the spoils system was to apply to the prohibition enforcement service, just as it does to judgeships, postmasterhips and various other Federal offices and employees. Many Congressmen and Senators are notoriously "wet" in their views. Others cast "dry" votes and make "dry" speeches, but are "wet" when the public is not looking.

It is manifestly impossible to secure vigorous enforcement of prohibition as long as such a condition obtains. We can never have enforcement until the whole subject is taken out of politics, or until we quit electing Congressmen and Senators who don't want enforcement.

COFFEE
Branch

President Coolidge might have settled the whole question in the right direction, but he evidently preferred harmony with Congress to vigorous enforcement of the Volstead Act. To this extent, President Coolidge is a "wet." With a President and some 400 Congressmen and Senators playing politics we can't expect any too much law enforcement.

LET'S HOPE IT IS REAL THIS TIME.

A franchise has been granted by the City for furnishing natural gas in Vernon. This time it is proposed to pipe gas here from the Shamrock field in the Panhandle, where, perhaps the greatest gas field in the world has been opened.

Several franchises to furnish gas here have been granted in the past few years, but so far all have come to naught. It is to be hoped that this time a franchise will result in natural gas service in due time. No harm will be done if the Upham Company does not bring gas here. The franchise gives them the privilege if they have the gas and financial resources to bring it here, and Vernon will be the gainer.

For some time it was believed that the field south of town would produce sufficient gas to supply Vernon, but for reason no one has been found who has agreed with that belief sufficiently to spend the money necessary to bring gas to Vernon. Presumably, it is believed by gas experts that our field is more of an oil field than it is a gas field.

There is unquestionably sufficient gas in the Panhandle fields to furnish all the towns in this section. Whether there is sufficient patronage to make the investment attractive to capitalists is a question. The Record cannot answer. Evidently the Upham Company has satisfied

Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, - once or twice a week for several weeks - and see how Nature rewards you with health.

Calotabs are the greatest of all system purifiers. Get a family package, containing full directions, price 35cts.; trial package, 10 cts. At any drug store.

himself on that point and is willing to spend real money to bring gas into the towns along the Denver Road. Vernon is growing rapidly without natural gas. Its growth would be more rapid if we get gas. We could then offer industries cheap fuel as a further inducement to locate here.

NEW SEMI-WEEKLY AT CHILDRESS.

The Childress Post announced this week that the paper will hereafter be published as a semi-weekly, instead of only weekly. Publication days will be Monday and Thursday. The Post is owned by Sam M. Braswell and Fred A. Story. The latter is active manager, while Mr. Braswell devotes his time to the Charendon News at Charendon.

The Post is splendid newspaper and Childress is growing city with ambitious for big things in the future with prospects of construction of two branches of the Fort Worth & Denver out of that city, one to the southwest into the South Plains and the other northward into the eastern Panhandle. The change of the Post from weekly to semi-weekly gives Childress its second semi-

weekly paper. The Index has been published twice-a-week for several years.

MISS MALLOW ENTERTAINS FRIDAY BRIDGE CLUB

Miss Johnnie Mallow was hostess yesterday afternoon to members of the Friday Bridge club and other guests at her home on Main street. Three tables of guests played. High score prize was won by Mrs. Joe Sumner. Mrs. Howard Timberlake of Frederick, Okla., won guest prize and low score was won by Mrs. Keith Berry. A delicious plate lunch was served at the close of the games.

BILLY HARRISON HAS BIRTHDAY PARTY TUESDAY

Billy Harrison, little son of Mr. and Mrs. G. C. Harrison was complimented with a pretty birthday party Tuesday afternoon by his mother, at their home on Bowie street. The little boy was five years old that day and several little guests came and brought the hostess pretty gifts. The afternoon was spent in playing games and cookies and ice cream was served. The following were present: Palmer Robinson, Lena Bert Robinson, Maxine

Peppers, Roma and Claudia Norworthy, Mata Bland Matthews, Betty Jane Long and Peggy Jean Long.

The North Texas Home Protective Association, a local mutual aid, located on second floor of the First Guaranty State Bank building wishes to announce that they are in position to accept the services of three live wire life insurance salesmen who can furnish bond. No others need apply. C. R. Martin, President, T. C. Anderson, Secretary. Phone 629. 76-3tp

Mr. and Mrs. C. L. Robinson have received an announcement of the birth of a son to Mr. and Mrs. Emmett Robinson at Huntington, Beach, Calif., on September 17.

Mrs. Ida Baker recently accepted a position with the Fashion Shop.

Mrs. Lela Albright has returned from Gardner, Colorado, where she spent the summer. She was accompanied by her mother, Mrs. Mary E. Evert, of Bristow, Okla., who will remain indefinitely.

Humble Gasoline

is an efficient motor fuel. It does its work in such a way that you get more miles per gallon than from ordinary gasoline.

Specifications against which our refineries manufacture are higher than Government standards, and Humble Gasoline meets every requirement of a good fuel for your motor—volatility, power, and freedom from foreign substances and corrosive materials.

A Bargain In Quality

Fine One-Profits Studebaker Coach

—at a new low price

\$1365.00 Delivered for Cash in Vernon
Or, under Studebaker's fair and liberal Budget Payment Plan, this Coach may be purchased out of monthly income with an initial payment of only..... DOWN

made possible by the Studebaker policy of one-profit manufacture. There are only two cars manufactured on this one-profit basis. Studebaker in the fine car field, and the Ford in the low priced field. Only in these two cases does one company in its own plants make all bodies, all engines, all clutches, steering gears, differentials, springs, gear sets, gray iron castings and drop forgings.

This one-profit policy not only eliminates the extra profits of outside parts and body makers — but it also makes possible unit-built construction. All parts for Studebaker cars are designed, engineered and built as a unit. And being built as a unit they function as a unit—which results in years longer life, scores of thousands of miles of excess transportation, greater riding comfort, lower repair costs and much higher resale value.

But the only way to judge this Standard Six Coach is to see it—to actually sit behind the wheel and drive it through the thick of traffic, over the steepest hills and rough country roads. Then, and only then, can you completely appreciate its amazing power, its velvet smoothness and wonderful riding qualities.

Great Western Heatwell

"The Rapid-Fire Hot Draft"

The HEATWELL is a double-tube hot-draft stove of exceptional heating properties. It gets most out of the coal—produces heat in greater volume than its size and fuel consumption would indicate.

In the HEATWELL, there are two hot-draft tubes—one on each side—to admit the air. There is no obstruction at all to the coal put in through the feed-opening.

When the fire has been started, and the tubes are opened, there is tremendous combustion at the top of the fire-pot, which is large, while the grate-surfaces comparatively small.

The fire-pot of the HEATWELL is exposed—not enclosed. This construction, in conjunction with the center-ring, deflects the heat to the floor, giving unusually warm floors.

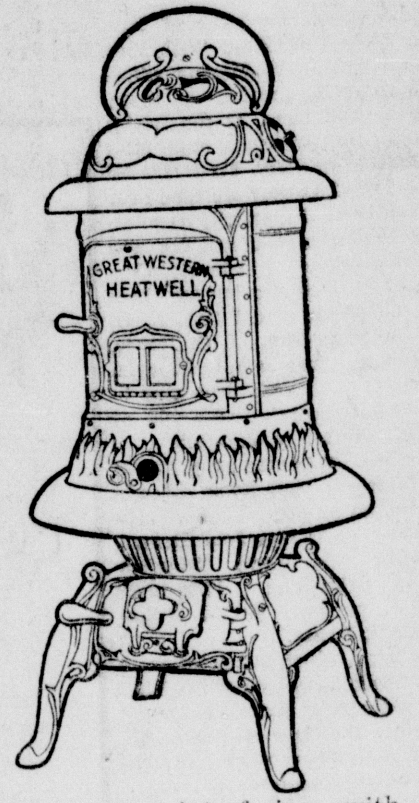

There is a cast section above the fire-pot; hence, the hot coals never come into contact with the Oak steel body. There's an opening in this section, so that a poker may be inserted to break up the coal if necessary. This saves lifting the feed-cover.

There's a cast base to the HEATWELL enclosing an ash-pan. This is provided with a screw-valve to be opened for the draft or thrown back when the grate is to be shaken.

Asbestos rope packing is inserted between the joints, between the bottom, ash-pit, fire-pot and center section. The joint between the sheet steel drum and the section above the fire-pot is protected by a heavy cast ring.

The cover of the HEATWELL swings aside and gives a surface for a large vessel, without in any way interfering with the draft registers.

The HEATWELL is a stove that delivers service no matter how cold the weather.

Crowell Football Game Postponed Until Next Week

The football game between Coach Baggett's second string and Crowell High's eleven has been postponed, according to Coach Baggett. The Vernon second stringers will meet the Crowell delegation Saturday week at the Fair Park.

Friday, Oct. 2 the Lions' first string will be pitted against Iowa Park, the game to be played at Fair Park. Announcements from Iowa Park indicate that that city has a pretty strong eleven this year.

Mothers Guests at Party.

Mothers of members of the primary department and mothers of members about to be promoted from the Beginners' department of the Baptist Sunday school will be honored guests at a party this afternoon in the primary room at the Baptist church.

Only Performing Hippopotamus in World Is Coming

She never dined at the Ritz nor sipped tea in Greenwich Village.

No Sir! Not Lotus. But regard less of this fact, she can give the average frequenter of the best restaurant a lesson or two when it comes to eating.

For Lotus knows all about table manners, and why shouldn't she? She eats a bushel of carrots and a bale of hay every lunch hour and washes it down with a barrel of aqua pura. Lotus is the largest and only performing blood-sweating hippopotamus in the world. She will entertain you when she comes to Vernon, Monday, September 28, with the Al G. Barnes Big 4 Ring Circus. Lotus doesn't mind being fat and proves it by eating more and more every day. And she's impatient sometimes—when she's real hungry.

Our Place In This Community

Our Drug Store is unique in its service to you. It is a first aid station for everything from minor hurt to major accident. It's where you always find what the emergency demands, and very frequently lives are saved because we have ready for you the things imperatively and immediately needed.

You, your friends, and your neighbor's friends, know little of drugs. You must trust to our **knowledge** and our **skill**. It is your FAITH in us that directs you. You may be able to tell cotton from wool, or calfskin from imitation leather, but few indeed of you know whether the things to go on or into your bodies to fight contagion and disease are pure or impure. You have FAITH in our **knowledge** of Pharmacy and our **experience** with Pharmaceuticals.

To do our work safely we have taken a professional course. We are Licensed Pharmacists, thoroughly trained in the filling of your doctor's prescriptions for every occasion and every need. Long hours of **study** over the different phases of our **experience** constantly strengthens our **knowledge** and adds to our **skill** in this, our chosen profession.

We also act as a universal convenience establishment in this community, open early and late, earnestly and intensively striving always to serve you in a bigger and broader way that your FAITH in us, in our **ability** and **willingness** to render a helpful service, may not be misplaced.

W. D. Pouncey and Mrs. Moseley Wed In Electra Tuesday

W. D. Pouncey, local man, and Mrs. Susie Moseley of Wrightsboro, Gonzales county, were married in Electra Tuesday afternoon at 6:30 o'clock. Rev. J. T. Cade officiated at his office. The couple had been acquainted for over half a century. Mr. Pouncey met his bride at Wichita Falls. They returned that night and are now at home on West Wadsworth street.

THOMPSON SCHOOL OPENS MONDAY

Thompson school opens Monday, September 28, announces Erroll W. Brooks, principal. The patrons manifested an intense interest and a keen pride in the community by their responsiveness to the request for a clean, orderly playground. Thompson school, both as a work shop and as a recreational center, holds a warm reception for its teachers, pupils and patrons. Monday dates the beginning of another successful, happy school term, directed by Mr. Brooks, assisted by his wife.

Lion Roars

Thursday afternoon old Jupe Plavins forced the Lions to remain in their dens, or otherwise, Coaches Baggett and Wilmon did not call the squad out that afternoon because of the heavy downpour.

Down at Electra, Coach Jim Reese is driving his squad at top speed in an effort to get in shape to win the league championship in this end of the district. Reese appears to have better prospects than does the Lions' mentor. Electra lost only two letter men from last year's squad. Reese's problem is different from that facing Baggett in that he must replace part of last year's backfield. He expresses himself as satisfied with the work of his line.

Rain has no effect on Coaches Baggett and Wilmon, while they are driving the green Lion squad at a terrific pace in an effort to round the new men into shape for Friday's game with the mole-skin warriors of Wichita Falls Junior College. Tuesday afternoon the coaches sent the squad through one of the stiffest work-outs of the season.

The Lions offered no protest.

CATARRHAL DEAFNESS

Is often caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing. Unless the inflammation can be reduced, your hearing may be destroyed forever.

HALL'S CATARRH MEDICINE will do what we claim for it—rid your system of Catarrh or Deafness caused by Catarrh. HALL'S CATARRH MEDICINE has been successful in the treatment of Catarrh for over Forty Years. Sold by all druggists.

Dr. W. H. Ballew
Osteopathic Physician

The boys went through the strenuous training with more than usual pep. For almost two hours they followed their coaches directions at top speed.

As the veterans and greenhorns begin to round into the semblance of a team, it appears that the weakest point in Coach Baggett's combination this season will be the end positions. With Burrows and Norwood at tackle, Key and Koontz at guard, and Robinson at center, the line is looking strong enough. By the time the league season opens, the forward wall should be one of the best in this section. Williams, Ryan, Cronch, and Gelhausen appear to be a strong backfield combination.

In their season opener with Clarendon College Saturday, the Amarillo Sandies presented a stone wall for a forward defense and held the college team to a lone field goal throughout the game. Amarillo fans are betting on their line this year, it seems, and from the showing made against the college team Saturday, it appears that they are making safe bets.

Coach E. A. Baggett is giving his men a new code of signals this week. It was decided to change the signals after one of the squad, a former Coyote player, returned to Wichita Falls. Coming this early in the season, the change in signals will not hamper the team any. Coaches had not given any trick plays of any sort to the team before the desertion of the former Wichita player.

Pack Box For Orphans.

The Baptist women will pack a box for Buckner Orphans' Home between now and Monday, September 28. All having articles to donate are requested to bring them to the church or phone 351 or 599-J and some one will call for them.
